

SYRUP OF FIGS

NEVER IMITATED - QUALITY.

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the California Fig Syrup Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the California Fig Syrup Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company -

THE GRAPHOPHONE

The most fascinating invention of the age. Always ready to reproduce any record of voice and music. Prepared in a laboratory, the Graphophone is not subject to the wear and tear of other records. It is a permanent record of the voice, or any sound. This is the only system now in use, and its claim is never refuted. The reproductions are clear and brilliant.
Graphophones are sold for \$10 up.
Manufactured under the patents of Bell, Gramophone and Edison. Our establishment is headquarters of the world for Talking Machines and Talking Machine Supplies. Write for catalogue.
COLUMBIA PHONOGRAPH CO., Dept. 30,
720-722 Olive Street, St. Louis, Mo.

NEW SUMMER RESORT

Where Health, Wealth, Game and Fish are found.
The mountains immediately adjacent to the town of Roswell, New Mexico, are destined to form a prosperous summer resort as soon as the extension of the Pecos Valley railway is built to connect with the Santa Fe, says the Topeka State Journal.
The country possesses qualities for a summer residence which are not to be found at the majority of summer resorts of the west. These consist in differences in altitude, from a few hundred to several thousand feet above sea level. It practically means an array of different climates for the visitor to choose from, with other advantages equal to those of many of the now favored western resorts.
Game is found in abundance in the mountains adjacent to Roswell, and fishing is good. Topeka men who have visited Roswell say that the hunting and fishing advantages cannot be surpassed.
As soon as the extension is completed the management of the Pecos Valley road will take steps to establish a summer resort at Roswell, and will endeavor to make it one of the most flourishing summer places in the west.
The Santa Fe bondholders have secured a controlling interest in the securities in the Pecos Valley road, and this means that the line will be practically under the management of the Santa Fe. While the bulk of the business will be freight, through passenger service from Kansas City to Roswell will be established, at least during the summer months. If the present intention is carried out a new division will be created and Wellington made the headquarters.

What You Need

When your strength is gone, you lack will, you are tired, weak and without ambition, is Hood's Sarsaparilla to purify and enrich your blood, stimulate your stomach, and give you strength. Hood's Sarsaparilla, is the One True Blood Purifier.
Hood's Pills for the liver and bowels, act easily yet promptly. 25c.
Strangers will find good accommodations at reasonable rates at the Railroad Avenue house, half a block from the station. Residents and strangers alike are cordially invited to patronize the Railroad Avenue house, 119 Railroad Avenue. Bath, 25 cents; hair cutting, 25 cents. J. B. Sanchez, proprietor.

Have just received another lot of crash hats. They are very neat and only cost 75 cents. Simon Stern, the Railroad Avenue Clothier.

NEW MEXICO NEWS

LAS VEGAS.

From the Optic.
Mrs. J. H. Ward is down with an attack of tonsillitis.

The Literary and Mutual Aid society of the west side will give a ball on the evening of July 4, at the Plaza hotel.
The Optic understands that Dr. M. M. Milligan and the younger Miss Latta were married Tuesday morning at Las Vegas, and will make that city their home, at least for the present. Miss K. C. Milligan accompanied the young people to Denver.
Mrs. W. A. Glasford, whose husband, Major Glasford, is doing service for Uncle Sam somewhere along Florida's coast, arrived Sunday from Denver, accompanied by her two many sons, Pelham and Wine, on a visit to her mother, Mrs. S. B. Davis.

There were but two candidates Monday, before the board of city examiners for teachers—Miss Kayes, of Baldy, Colo., and Miss Kiba Stenerson, of this city. The examination was carefully looked after by Principal J. A. Wood and Rev. George Selby, the third member of the board. Dr. George T. Gould, being confined to his home by an acute attack of intercostal rheumatism. Both of the ladies very easily secured the first class certificate, which was essential to their election for positions in the east side schools.

SANTA FE.

From the New Mexican.
The Gold family is home from an extended outing in the Sulphur Springs region.

Major J. R. Palen, the respected president of the First National bank in this city, Mrs. Palen and Miss Caryl Palen, returned Monday evening from a very much enjoyed eastern visit.
Internal Revenue Collector Morrison received a telegram from the Treasury department stating that revenue stamps for bank checks would be furnished him by July 1, at which time the law requiring them goes into effect.

Peter Smith, who was incarcerated in the county jail some days ago for breaking into the second ward school house, is the most unruly prisoner in the bastille. His mind is wholly gone and he seems to have a mania for breaking up the floor and destroying the bedding in his cell. He is now in irons.

For request of the new postmaster, Hon. Simon Nussbaum, postoffice inspector Thomas, stationed at Albuquerque, arrived Monday night and was present at the transfer of the postoffice to the new official. The work of transferring commenced Tuesday afternoon and was finished Tuesday evening, and Wednesday morning Postmaster Nussbaum and Assistant Postmaster Kanne were in charge and handle the mail for this city.

A party of fifteen physicians, who attended the annual meeting of the American Medical association in Denver last week and have since been visiting the west, reached this city in a special train Wednesday afternoon between 2 and 3 o'clock and remained until 9:40 in the evening, when they continued east. They made the stop for the purpose of seeing the places of interest in New Mexico's capital city.

WHITE OAKS.

Spence Bros. are shearing 25,000 head of sheep this season.
M. H. Bellamy, one of the popular justices of the peace who went east a few days ago to spend the summer with relatives, was married on the 30th ult. to Mrs. Georgia Hoffman, of "Locust Cottage," Oxford, New York.

J. H. Hooper, for several months foreman of the American properties at Nogai, is now in the employ of the Old Abe company. He has charge of the machinery at the wells which supply the mine and mill with water.

Mrs. Elizabeth Lloyd of Three Rivers, has sold her ranch to Mrs. Gooden. Mrs. Lloyd will return to her old home, Pittsburgh, Pa., which she left thirty years ago.
The Old Abe company has reached a depth of 900 feet in the new shaft and are making a station at the 900 foot level. The ore has continually increased in value with depth. In the drift leading north from the main shaft at a depth of 850 feet is a well defined lead of immensely rich free milling ore and is getting broader and richer the farther it is followed.

FIFTY VOLUNTEERS MORE.

Major Hersey telegraphs Fifty Men Needed to Fill New Mexico Quota.
Governor Otero received a dispatch from Tampa, Fla., signed by Major Hersey, saying that fifty volunteers from New Mexico would be accepted to fill up the New Mexico troops to the maximum allowed by law. Governor Otero has telegraphed the secretary of war informing that official of the request and asking for official authority to accept the number of volunteers. If a favorable answer is received by Governor Otero he will start to work to enlist fifty volunteers, which, as soon as enlisted, will be forwarded to Tampa to join the First regiment of United States volunteer cavalry. The governor is determined to accept none but first-class and picked men as volunteers. A reply from the war department is hourly expected.—New Mexican.

What a Graphophone Does.

A Graphophone will make your home a happy one, for it is always ready to entertain. It will reproduce the music of bands, orchestras and soloists. You can have music of any kind at any time, and need no skilled performers to render it. The music is there, the record that will set the waves of melody in motion again whenever you touch the button. On a Graphophone too you can record your own voice or music or any sound and reproduce them immediately. These varied and wonderful powers make the Graphophone a marvelous entertainer for the home. Graphophones can be bought for \$10 and up. Write for catalogue 30 to the Columbia Phonograph company, 720-722 Olive Street, St. Louis, Mo.

Surgical Operation.

On last Friday, Dr. W. B. Platt, assisted by Dr. Charles Jarvis and a corps of nurses, amputated the right leg of Geo. Coleman. The operation was performed in the residence of N. N. Heywood, of this place, brother-in-law of the patient. The time consumed in the whole operation was one hour, and it was entirely successful. The patient had suffered for many years with cancer of the bone of the lower portion of the right leg, the

WEEKLY CROP BULLETIN.

The following report is furnished by the United States department of agriculture, climate and crop bulletin of the weather bureau, New Mexico section:
The week ending June 15, 1898, was the most favorable of the season for crops. Showers began with Monday, 6th, and continued intermittently during the week, varying from gentle April showers and good soaking rains to heavy thunder showers with hail and wind. As a rule, it has been rather too cool for best results, but all growing crops, although not advanced as rapidly as might have been expected, are in a very good condition. The rains were general, and not only have revived crops and grass on the ranges, but also practically have insured the future and lasting supply of water during the remainder of the season. To many of the cattle and sheep men the rains have been made, secured in fine condition, but there are many just preparing to begin. In several sections the yield will be up to the average. Wheat, barley and rye are making good advances, but the weather has been rather cool for corn, which generally is reported backward. Owing to the prevailing drought, corn planting has been suspended by many farmers, but will now be resumed under favorable conditions of soil. Sweet potatoes in the lower valleys are keeping a fine crop; planting continues, and under excellent conditions. Owing to the rapid growth of the plants, it is not unlikely that the crop will be sufficient for home use and for export. In the warmer southern sections the rains have brought forth weeds in abundance, and a great deal of weeding is necessary. Fruits continue very promising. Cherries are fast ripening; peaches, apricots, pears, plums, etc., are large, and thick on the trees. Apples are well along, and in some localities apricots and plums also will not be up to the average, owing principally to the frosty weather late in May.
In scattered sections hail has done considerable local damage during the week. Fruit trees have been stripped, vineyards and orchards and crop crops battered to ground; but as far as ascertained the area of destruction was of small extent.
The following detailed statements are selected from the reports of correspondents, and will prove of interest:
Albuquerque (Old)—A. Montoya, Jr.—A good growing week, and crops are in excellent condition. Fine corn on Wednesday, Friday and Saturday. Second crop of alfalfa coming on fast. Cherries ripening nicely.
C. Mead—A very favorable week for growing crops, although somewhat retarded by cold nights. The light frost of June 4 ripened tomatoes, potatoes, melons, etc.
Hueston—J. S. Van Doren—Alfalfa crops are growing well and promise great returns. Corn, beans and other crops generally are getting on a good start. The rains of the latter part of the week have been of great benefit, especially to out-of-range crops. Rain, 0.40.
Cliff—J. C. Good—Crops generally are looking very well, although the hail storms of the 6th and 7th caused some damage. Ranges particularly have been damaged. Cattle and sheep are doing well. Russian thistles, etc., are causing the farmers considerable trouble.
Farmington—J. G. Willett—Warm and cloudy the last three days, but previous to this the nights were cold and frost could be seen on the alfalfa. So we fruit trees to have been injured and apples will not be so good. Apples are short, and plums are only half a crop. Peaches, however, are abundant, and cherries are getting on a good start. The average first crop of alfalfa is better than what is growing well, but corn looks poorly. Potatoes and beans were badly frosted and will be a poor crop. Rye is well, and stock of all kinds is in good condition.
Gallinas Springs—Jas. E. Whitmore—The drought of the last Sunday and Monday is looking good, and the crops are everything is looking green and bright. The first crop of alfalfa is better than what is growing well, but corn looks poorly. Potatoes and beans were badly frosted and will be a poor crop. Rye is well, and stock of all kinds is in good condition.

COURT OF PRIVATE LAND CLAIMS.

One Grant Rejected—Rehearing in No. 254 Denied.
The court met at 10 o'clock at Santa Fe Tuesday morning. All the judges and the motion for rehearing in case No. 254, Juan Estevan Garcia grant, have been ruled by the court. This claim was rejected on February 16, 1898. Messrs. Catron & Gortner, attorneys for claimants.
Francisco Tafuya vs. United States, Juan Tafuya grant, No. 266, situated in the county of Rio Arriba, New Mexico, alleged to have been granted to Juan de Tafuya and Antonio Tafuya on the 5th day of June, 1724, by Juan Domingo de Bustamante, governor and captain general of New Mexico, and judicial possession of which was given said grantee June 10, 1724, was rejected and the petition for confirmation dismissed, this dismissal to be, however, without prejudice to such rights as claimants may have under and by virtue of the decree of confirmation heretofore made by this court on September 29, 1894, in the case of Pueblo de Santa Clara, No. 17, on the docket of the court. The claim is located in Rio Arriba county. Messrs. Catron & Gortner, attorneys for claimants.

HOTEL ARRIVALS.

GRAND CENTRAL.

Robert Gibson, Tampico, Mexico; W. F. C. Gibson, Needles; G. T. Jones, San Francisco; Laura May, Chicago; R. A. Miera, Cuba, N. M.

HOTEL HIGHLAND.

Geo. P. Hill, Winlock, Jas. Connors, El Paso; P. Kerns, Gallup; H. B. Stillman, Topeka; X. R. Burns, New York; John Baker, K. Kansas, San Maria; W. H. Smith, Denver; C. A. Mullaly, Los Angeles.

STURGEON EUBANK.

Lee Reinhardt, St. Louis; H. W. Kelly, J. R. Hines, Las Vegas; Duncan MacGillivray, Chicago; M. H. Moss, Chicago; W. W. Nellis, Los Angeles; M. J. Jones, Denver; J. T. Lindley, St. Louis; C. W. Welsch, Bismarck; J. B. Manly, C. H. Nichols, Trinidad; Jacob Wood, F. H. Hardy, Boston; Meyer Friedman, Las Vegas; J. R. Crowder, St. Louis; J. J. Taylor, Heli Canyon; Geo. Davis, Baton; M. C. McNulty, Geo. Robinson, Winslow; Frederick Blecher and wife, Bland.

LOCAL PARAGRAPHS.

A. J. Loomis, the deputy internal revenue collector for this district, in the city yesterday, was a passenger for Santa Fe last night.

Mrs. H. B. Ferguson and children, family of Delegate Ferguson, are expected to arrive in a few days. They left Washington on Tuesday evening.

Miss Jessie Tyler, daughter of Capt. M. C. Tyler, will enjoy her vacation at Gallup, as the guest of her sister, Mrs. Frank Gibson. She left for the west last night.

Hon. W. T. Thornton, ex-governor of New Mexico, who has some extensive mining interests down in Mexico, passed up the road on his return to Santa Fe last night.

Guy W. Holt is now the night clerk at local Harvey eating house, vice Otto E. Laueverth, who will leave this evening for Lasveuevth, where he will visit relatives and friends.

As has been announced in a previous issue of THE CITIZEN, Mrs. Frank Lewis left last night on a visit to her sister at San Diego, Cal., where the latter has been attending school the past year. Mrs. Lewis expects to be absent about a month.

John Jacoby, the United States ganger, who has gained a well-merited reputation as a weigher of wet goods, left last night on one of his periodical visits to the fruit distilleries of southern New Mexico. He is down in the Mesilla valley to-day.

As stated previously in THE CITIZEN, Mrs. W. B. Childers left last night for Santa Fe where she becomes the guest of Gov. and Mrs. M. A. Otero. Mr. Childers is at Santa Fe attending to his duties as United States attorney for New Mexico, and he, with Mrs. Childers, will return to the city Saturday night.

The Silver City Independent says: Professor A. E. Bennett of the Normal school, will spend his vacation by conducting the Colfax county institute at Raton, on August 15, and working in the University at Albuquerque on August 20. He will lecture at several points in the territory previous to the above dates.

Hon. Sol. Luna, the big sheep raiser of Valencia county, was around shaking hands with city friends yesterday afternoon. He is wearing a happy smile these days, and has a good reason—wool is going up in price, and his output, amounting to about 110,000 pounds, and which is stored away in this city, is now on the market.

A newspaper, to be known as the Weekly Advertiser, will soon make its appearance in Topeka. Capt. Henry Simpson, Messrs. Miller and Miller and several others have put up the money for the establishment of the newspaper, and expect to keep the enterprise moving along, until after the fall campaign and possibly longer.

A Stimulant.
Is a good thing under some circumstances, and a business sometimes needs a little tonic just the same as a sick person. In order to create a little stir this week, we have started one of our record-breaking clothing sales and invite all to call in and see the line of suits advertised in another column at \$7.50 a suit. They are worth a great deal more, but we want to increase our sales and don't mind sacrificing profits for a few days.

Household Goods.
For next thirty days I will pay highest cash price for household goods of every description. Don't sell until you get my bid. T. A. WHITTEN, 114 Gold Avenue.

The newest addition to ladies' wear is the red, white and blue, Dewey waist, made of fine Japanese silk, to be had only at the Golden Rule Dry Goods company.

Plumbing and gas fitting. Whitney Co. Floor matting. Whitney Co.

SALEONS.

BADARACCO'S SUMMER GARDEN.
COBERT & RICE, Prop's.
(SUCCESSORS TO O. BADARACCO.)
On Mountain Road Near the City

A most delightful resort, where all kinds of drinks and cigars are served. Plenty of shade for visitors to rest and enjoy the view.
